

Bulk Foods & Counter - MEP Pricing Scales 6, 15, 30kg

The MEP pricing scales can be configured to price calculate in either kg's (standard mode setting) or 100g which is perfect for the supermarket bulk foods department.

The MEP Series is an OIML R76 & EC type-approved pricing scale with dual-range division and provides memory for 8 items. These durable scales include splash-proof cover and overload protection. The MEP retail scale has special sunken switch designed to prevent moisture getting inside for better performance stability and reliability. This model is ideal for portable use and features retail functionalities with reliable quality and accurate performance.
