

WDW Series - Water Proof Scales

This brand new WDW series Water Proof Weighing Scale is with dual-range division and water-proof structure. Internal rechargeable batteries are fitted to the Waterproof Scales to eliminate the need for AC power outlets in a wet environment. The steady WDW scale has also reserved an optional RS232 interface to connect with printer device. If you need a durable scale that can stand up to wet & dusty environments, then this WDW scale will be your best choice.

The multi-tare function operation is also ideal for weighing ingredients in Butchery & Bakery businesses etc.

Features:

- IP-65 Wash Down design
- 30 mm Large LCD Display with auto backlight function
- Weight Unit Setting: kg / pcs available
- With Single-Interval or Multi-Range (2 ranges) Division
- Auto Zero-Point Tracking
- Tare Function
- Simple Counting Function
- Low Power & Charging Status Indication
- External Digital-Calibration
- Could be connected with external printers via optional RS-232 interface: Argox (OS-203DT series) / Datecs (LP-50 series) / SPRT (SP-POS58 series)
